THE BEAT FROM SENATOR STREET

Dear Pennsylvania Democrats,

July is the month when we collectively celebrate the birth of our nation when a Declaration of Independence was the beginning of a new country that strived for freedom and Democracy and an end to authoritarian rule. But this year we are faced with a stark reminder that all we have fought for and hold dear is at risk of being stripped away.

My friends, we are at a precipice. In a country whose founding fathers sought to build a "more perfect union" providing "liberty and justice for all," We face two competing principles and ideologies that will greatly determine the future of America.

Democrats have always stood for truth, justice, personal freedoms, civil rights, and Democracy. We have always been a voice for the "voiceless", striving to support and lift up communities and individuals while fighting to build out the middle class. This new extreme MAGA movement is quite the opposite and has a very detailed plan of attack (Project 2025) to strip away many rights and personal freedoms, to move our country closer to the authoritarian rule we fought to end nearly 250 years ago.

Pennsylvania was the spot where our country was founded and it will be Pennsylvania who will determine what America looks like moving into the future.

We have been here before and we have won those battles. We will do so again. As the late great Congressman John Lewis said, "Freedom is not a state; it is an act. It is not some enchanted garden perched high on a distant plateau where we can finally sit down and rest. Freedom is the continuous action we all must take, and each generation must do its part to create an even more fair, more just society."

This is the challenge of our lifetime, a fight for current and future generations. A battle for freedom and the future of Democracy. In the spirit of that great Civil Rights leader, it is time to get into good trouble, very necessary trouble, to help redeem the soul of America and save the precious freedoms and Democracy we all hold dear.

Thank you for all you are doing in this great fight, together we will win because our country needs us.

Sincerely,

Senator Sharif T. Street

Chairman, Pennsylvania Democratic Party

GOVERNOR SHAPIRO GETS SHIT DONE

Governor Shapiro's Bold Vision & Balanced Budget

Governor Josh Shapiro's 2024-25 budget is a continuation of his focus on bringing people together to get stuff done — and it puts forth a bold vision to create opportunity for all Pennsylvanians. From prioritizing economic opportunity and access to higher education, to making historic investments in public education and supporting law enforcement, this budget delivers solutions on the most pressing issues we face and creates real opportunity all across Pennsylvania. The Governor's vision maintains a balanced budget and does not raise taxes — and if every initiative is funded, Pennsylvania will still have an \$11 billion surplus by the end of FY2024-25.

Governor Shapiro brought people together and delivered results for Pennsylvanians in his first budget — and with this budget, we will continue to get stuff done and create real opportunity in our Commonwealth.

- Governor Josh Shapiro's 2024-25 budget is a continuation of his focus on bringing people together to get stuff done — and it puts forth a bold vision to create opportunity for all Pennsylvanians.
- From prioritizing economic opportunity and access to higher education, to making historic investments in public education and supporting law enforcement, this budget delivers solutions on the most pressing issues we face and creates real opportunity all across Pennsylvania.
- Right now, we are not investing at the levels we need to succeed in Pennsylvania — from being 49th in the nation in state investment in higher ed, to being outspent on economic development by many of our neighboring states, to maintaining an unconstitutional funding system for K-12 education. Governor Shapiro believes this is unacceptable — and inaction is not an option.

- The Governor knows Pennsylvanians want an economy that works for them and their families, safer and healthier communities, real opportunity for their kids, and a Commonwealth where freedom is protected — and that is what he will continue working towards in this budget.

Also, this month, more than 50 Latino voters from across Pennsylvania came together to launch the Latinos for Casey coalition, a group of Pennsylvanians leading the effort to re-elect Senator Casey. Senator Casey is committed to ensuring Latino and Hispanic communities in Pennsylvania have an ally in Washington. He continues to meet regularly with community leaders throughout Pennsylvania to discuss their priorities, and help deliver inclusive economic and workforce development, healthcare, and education for Latino and Hispanic communities in the Commonwealth.

Senator Casey also recognized Juneteenth during celebrations in Philadelphia and Delaware County, joining Black leaders in Pennsylvania to celebrate Black culture and commemorate Black history across the Commonwealth and the country. Senator Casey is committed to delivering for Black communities across Pennsylvania, including passing legislation to support safer neighborhoods, introducing bills to address the maternal mortality crisis that disproportionately affects Black and Brown women, and bringing investments to disadvantaged communities in Pennsylvania.

Senator Casey is taking no vote for granted. With more travel on the horizon, be on the lookout for when he is in your community this summer as we work to earn every vote and build a winning coalition in Pennsylvania.

PROJECT 2025

TRUMP ALLIES' 920 PAGE PLAN TO GIVE TRUMP MORE POWER OVER YOUR DAILY LIFE, GUT DEMOCRATIC CHECKS AND BALANCES, AND CONSOLIDATE POWER IN THE OVAL OFFICE.

Project 2025 is the plan by Donald Trump's MAGA Republican allies to give Trump more power over your daily life, gut democratic checks and balances, and consolidate power in the Oval Office if he wins. Trump's campaign advisors and close allies wrote it – and are doing everything they can to elect him so he can execute their playbook immediately.

Here is a taste of Trump's Project 2025:

- Takes Away Reproductive Freedom Nationwide
- Uses the Presidency for Revenge on Trump's Political and Personal Enemies
- Consolidates Power in the Oval Office
- Guts Democratic Checks and Balances on Presidential Power
- Gives Handouts to the Ultra Wealthy Paid for by Working Families
- And Much, Much, Much More

Where did Project 2025 come from? The highest levels of the MAGA Trump elite wrote Project 2025 as a blueprint for Trump to implement if he wins a second term. This same group of advisors and allies **got Trump to adopt most of their agenda in 2017**, but this time their Project 2025 agenda is even more extreme and dives into almost every aspect of Americans' daily life. And they'll be able to accomplish it by firing civil servants and installing loyalists into the federal government to do their bidding. Fortunately, we have access to it in time to warn America and stop their power grab.

Don't believe us? Check out **the 920-page Project 2025 report on their website** and read it in their own words.

To break it down for you, here are some of the ways in which Donald Trump is planning to reach into your daily life and how his extreme MAGA allies are planning to consolidate power and steamroll democratic checks and balances to get it done.

► **CONSOLIDATE PRESIDENTIAL POWER FOR TRUMP'S OWN REVENGE AND RETRIBUTION**

► **GUT GOVERNMENTAL CHECKS AND BALANCES**

► **TAKE AWAY YOUR ABILITY TO MAKE YOUR OWN HEALTH CARE DECISIONS BY RIPPING AWAY REPRODUCTIVE FREEDOM FROM EVERY AMERICAN, EVERYWHERE**

► **MORE TAX HANDOUTS TO THE ULTRA WEALTHY WHILE RAISING YOUR TAXES, TERMINATING YOUR HEALTHCARE AND CUTTING YOUR SOCIAL SECURITY**

► **AND MUCH, MUCH MORE.**
